**Hyper Rig Named as Company with “Technology of Exceptional Potential” by
Department of Trade and Industry**

LONDON, UK, October 2008 – Hyper Rig, the provider of multi-asset real time risk management solutions, today was chosen by the UKTI’s Global Entrepreneur Program as a company with “Technology of Exceptional Potential”.

“We are delighted to have chosen Hyper Rig as one of our portfolio companies for the Global Entrepreneur Program,” stated Sheetal Mehta, UK Deal Maker. “We were very impressed with the innovative approach Hyper Rig has taken to develop a unique solution for risk management in the financial services markets. We believe Hyper Rig has an extremely bright future and their advanced, patent pending technology gives them a huge competitive edge.”

“The development team at Hyper Rig has been working hard for the last three years on designing and developing the best risk management solution available today. We are extremely proud that the UKTI has granted us “Exceptional Technology Status”. We believe this confirms Hyper Rig as a leader in the real time, aggregated risk software marketplace and we are thankful for the support of the UKTI behind us we go to market,” said Mike Hepburn, Managing Director of Hyper Rig.

About Hyper Rig:

Hyper Rig Ltd provides real time, multi-asset risk management solutions to financial companies seeking to proactively manage their risk and transform how they do business. Purpose built for speed, Hyper Rig provides a complete modular risk solution that integrates intelligent messaging technology with grid computing and caching technologies to deliver unparalleled performance. Companies can aggregate their risk exposure across business silos to better understand their exposures and analyse it in real-time.

Using Hyper Rig’s front end decision tools, companies can now perform real time VaR, Stress testing and “What If” simulations to react quicker to today’s volatile markets. Quick reference visualisation

About the Global Entrepreneur Program:

The Global Entrepreneur Program (GEP) was set up in 2003 by UK Trade & Investment. Our aim is to create high profit sustainable global companies from pioneering start-ups, using the UK as a strategic headquarters and base for international expansion. Our global networks offer huge investment opportunities by identifying the world's brightest entrepreneurial talent. We connect these entrepreneurs with investors, management talent and strategic partners in the UK to turn their innovation into a global success. GEP is essentially a business accelerator. We turn local entrepreneurs into global companies, and with every success comes excellent benefits for our investment partners.
